# Flow Chart of Jojoba Beads

Mixing→granulation→shot blasting→drying→screening→testing→packaging

# **STATEMENT**

We, hereby declare that our Jojoba Beads/Red for Body is suitable for the following:

- 1. Lacto Vegetarians (Same as vegan but allows milk products and bee products).
- 2. It does not contain any CMR (Carcinogenic, mutagenic, reprotoxic) substances.
- 3. It has not been produced of nor contain any genetically modified organism. Therefore, it does not fall under the scope of the legislations mentioned below:

Referring to Regulation (EC) No 1829/2003 of 22nd September 2003 on genetically modified food and feed and Regulation (EC) No 1830/2003 of 22nd September 2003 concerning the traceability and labelling of genetically modified organisms and the traceability of food and feed products produced from genetically modified organisms.

4. It does not contain any allergen material such as peanuts, eggs, fish, beans, etc.

# **Material Safety Data Sheet**

Section 1 - Chemical Product and Company Identification

Product: Jojoba Beads/Red Body

Supplier: 19 - 20 Sandleheath Industrial Esate

Fordingbridge, SP6 1PA

01425 655 555

technical@madarcorporation.co.uk

Section!2!-!Composition, Information onIngredients

Chemical!form:! Mixture

Physical State: Red round particle

Coampostion:

中文名称	INCI Name	含量%
乳糖	LACTOSE	25-50%
微晶纤维素	MICROCRYSTALLINE CELLULOSE	30-60%
蔗糖	SUCROSE	20-40%
羟丙基甲基纤维素	HYDROXYPROPYL METHYLCELLULOSE	1-5%
CI 12490	CI 12490	0-2.0%

#### Section 3 - Possible hazards:

**Toxicity:** Non-toxic, large amounts of inhalation can cause respiratory discomfort,

skin contact has no evidence of harmful to the body eye contact will have a brief and mild irritating reaction, consumption of large amounts has no

evidence of harmful to the body

**Usage:** Can be skin contact, do not eat or put in the month

Adverse reactions: No adverse reactions

Flammability: non-flammable

Section 4 - First Aid Measures

**Skin Contact:** No known effect, flush with lots of water...

**Eye Contact:** Rinse opened eye for several minutes under running water. if

symptoms persist, consult a doctor.

**Oral contact:** Rinse with water

**Section 5 - Fire Fighting Measures** 

**Common hazards:** Industrial use should ensure that the equipment power

access is normal, to avoid open fire, static electricity, and

arc generation

Fire fighting measures: Wear fireproof clothing, and wear a gas mask, and put out

the fire at a safe distance from the fire.

Fire extinguishing materials: water, carbon dioxide fire extinguisher, dry powder fire

extinguisher

Combustion temperature: None

Section 6 - Accidental Release Measures

**Usually:** Clean with water

Material spills: Collect the spilled material in a suitable container and dump it in

the trash

Section 7 - Handling and Storage

**Usage:** Store in a tightly sealed container

**Storage:** Store in darkness, room temperature. Keep container

tightly closed and dry.

Storage temperature: 15-30 °C

**Section 8 - Exposure Controls, Personal Protection** 

**Exposure control:** The work area should be well ventilated to reduce the dust

concentration in the work room below the explosion point

**Eye protection:** Avoid direct contact with eyes. If there is contact, rinse with water **Skin protection:** No related requirements, if conditions permit, you can wear related

work clothes

Section 9 - Physical and Chemical Properties

**Physical form:** round particle

Color: Red Smell: None

PH: 5.0-8.0 (2% solution)

Boiling point: No data available

Melting point: No data available

**Heap density:** No data

Solubility in water: No data available

### Section 10 - Stability and Reactivity

Stability: stable under normal temperature and

pressure

Avoid situations: Avoid dust generation, high temperatures and

sparks

Storage conditions: Avoid high temperature and humidity

Chemical reaction: not produced

Compatibility contraindications: Avoid contact with strong oxidants

Degradation reaction: Unless the ignition point of the product is

reached, degradation produces carbon and

oxides

Polymerization: does not occur

## **Section 11 - Toxicological Information**

Non-toxic chemicals
Non-irritant

## **Section 12 - Ecological Information**

Environmental Overview: Biodegradables, the substance and its decomposition products, have no effect on various animals and plants

### **Section 13 - Disposal Considerations**

Rinse with clean water according to the corresponding factory requirements

## **Section 14 - Transport Information**

General cargo, non-dangerous goods

#### Section 15 – Rule of law Information

None

#### **Section 16 - Additional Information**

All information provided by Xi'an Lyphar Biotech Co., Ltd. is in good faith, and this document is intended only as a guide and appropriate preventive treatment material, and cannot be used as a guarantee and quality indicator. Any statements made by the Company and the information set forth herein or

the information relating to its products apply only to the specified substance and not to other related substances. Hongbo recommends that customers independently test and evaluate the use of Hongbo products in customers' products to determine their safety and effectiveness

# **SPECIFICATION SHEET**

Product Name: Jojoba Beads/Red - Body

**Appearance:** Red particles

**Storage:** Keep the packing dry and well-sealed under 40°C to prevent contamination and absorption of damp. Do not

store together with oxidizing agents.

Main Application: Cosmetic additive

Ingredient: Lactose, Microcrystalline cellulose, Sucrose, Hydroxypropyl methylcellulose, CI 12490

### **Specifications**

Red, Spherical	
红色,球型	
Odorless, or match the standard sample	
无味,或与标准样品相同	
Max 10ppm
